- Concerning the 23-24 and 24-25 academic years
- Reading day in 2025 is absent due to the last day of class being a Friday
 - o Reinstating could cause issues if students engage in reckless behavior like in previous years
- First day advising; is it beneficial?
 - o It encourages students to get their classes in order before the add/drop period is over
 - o Making it a week after could students understand the feel of their classes before any switching or dropping
- Friendly Amendment proposed by Jackalyn Kremer to write years as AY23-24, and AY24-25 (Rather than AY24 and AY25)
 - o Accepted by Franca Baricelli
