## Major & Career Exploration

In order to explore potential majors and careers, you need to develop a plan that will allow you to gather information about yourself, especially your interests and your values. In this section, you will find a brief overview of each major offered at Fitchburg State, self assessment tools to help you identify your interests, and tools to help you research different career fields.

This work book serves as a tool to help you in your decision process. These activities can be done individually, with your advisor, in a small group advising session, or in your FYE course. Do not look at this as a homework assignment, but as a menu of options to help you move forward in the process of choosing a major.

## Academic Major Information

### General Overview of Programs Offered

Check off any programs that are of interest to you for further research and exploration.

#### Behavioral Sciences Department

Examine how human beings think and behave, both as individuals and in social, spiritual, and cultural settings.

- |  |  |  |
|--|--|--|
| <input type="checkbox"/> <b>Criminal Justice</b><br>Study and explore topics relating to the criminal justice system (option to add our 4+1 Police Certification Concentration). | <input type="checkbox"/> <b>Human Services</b><br>Prepare to excel in careers of direct service to individuals, families, and communities. | <input type="checkbox"/> <b>Sociology</b><br>The study of our communities as well as the people in them. |
|--|--|--|

#### Biology and Chemistry Department

We're cultivating your critical thinking abilities to include the scientific process.

- |   |  |  |
|---|--|--|
| <input type="checkbox"/> <b>Biochemistry</b><br>Prepares you for further education in chemistry, medicine, dentistry, pharmacy, veterinary medicine and other health professions. | <input type="checkbox"/> <b>Biology</b><br>Foundational principles and the exploration of contemporary thinking about the nature of life.            | <input type="checkbox"/> <b>Biotechnology</b><br>Illustrates the different aspects of biotechnology to prepare you to work for one of many pharmaceutical and biotechnology companies. |
| <input type="checkbox"/> <b>Chemistry</b><br>Provides a foundational understanding for all areas of Chemistry.  | <input type="checkbox"/> <b>Environmental Biology</b><br>Prepares for environmental careers including ecology research and environmental protection. | <input type="checkbox"/> <b>Health Sciences</b><br>Prepares for health professions and is designed to prepare you for pursuing postgraduate studies.                                   |
| <input type="checkbox"/> <b>Neuroscience and Behavior</b><br>Bridges biology and psychology to focus on the nervous system function and how it relates to behavior.               | <input type="checkbox"/> <b>Biology with Initial Teacher Licensure</b><br>Prepares tomorrow's educators to become high school biology teachers.      | <input type="checkbox"/> <b>Chemistry with Initial Teacher Licensure</b><br>Prepares tomorrow's educators to become high school chemistry teachers.                                    |

## Business Administration Department

Take a responsible position within the world of business, equipped with a knowledge of business theories, policies, and procedures.

- Accounting**  
Gain a solid foundation in business while learning financial tools, tax codes and the U.S. laws.
- Management**  
Gain a foundation in management that prepares you for inevitable challenges across a wide range of businesses.
- Marketing**  
Gain an understanding of consumer behavior, advertising, market research, and international business management.
- Entrepreneurship**  
Gain a creative entrepreneurial mindset and skills to identify opportunities for innovation.

## Communications Media Department

Prepare for the demands of an increasingly complex, complicated, dynamic, and globalized world. Study strategic analysis, design, application, research, and evaluation of a variety of media systems.

- Graphic Design**  
A concentration of endless opportunity, from visual identity and branding, to web design, advertising, and more.
- Film and Video**  
A concentration that prepares you to work in film and digital media as you examine narrative and documentary filmmaking.
- Photography**  
Study photography through hands-on experience with traditional darkrooms and the latest digital technologies.
- Theater**  
Perform full-scale theatrical productions that are produced and directed by our theater faculty and students.
- Technical Theatre**  
Develop a base of technical, analytical, managerial, and creative competencies for theatrical production.
- Public Relations, Social Media Advertising**  
Learn about careers in public relations, advertising, marketing communications, multimedia and document design, and professional leadership.
- Digital Media Innovation**  
Develop a wide range of new digital skills that span social media, multimedia storytelling, information design, data studies, coding, and more to meet the needs of a flexible and changing global economy.
- Game Design**  
This major seeks to make the methods and tools of game design and development accessible to everyone.

## Computer Science Department

Become a strong logical thinker and problem solver as you use computers and computational processes to build websites, mine data and much more.

- Computer Science**  
One of the few programs in the country that combines both hardware and software education into one comprehensive major.
- Computer Information Systems**  
Embraces the major areas of structured programming, data structures, and algorithms.
- Game Programming**  
Prepare for a career path in game programming and design by learning the fundamentals of both.
- Cybersecurity**  
Develop knowledge and skills in network security, data encryption and decryption, cybersecurity, and ethical hacking.

## Earth and Geographic Sciences Department

Study physical and human environments as scientific systems and examine the world around you.

- Environmental and Earth Science**  
Encompasses fields of study such as geology, oceanography, meteorology, climatology, hydrogeology, and planetary science.
- Geographic Science and Technology**  
Examines geographic patterns and processes, and applies modern technologies to make differences in all communities.
- Environmental Public Health**  
Focuses on the relationships between people and their environment.
- Public Health Practice**  
Focuses on socioeconomic determinants of health, promotes human health, and fosters healthy and safe communities.

## Education Department

Become an active, contributing citizen in a global society as we prepare you to shape tomorrow's minds.

- Early Childhood Education (Pre-K - 2)**  
Pursue an initial teacher licensure as an early childhood teacher of students with and without disabilities (PreK-2).
- Early Education and Care (Non-Licensure)**  
Develop skills and competencies to foster the growth and development of young children, infancy to 8 years.
- Educational Studies (Non-Licensure)**  
For people interested in working with children and families, but don't plan to become a licensed teacher.
- Elementary Education (1 - 6)**  
Pursue initial teacher licensure (grades 1-6) by completing an elementary education major.
- Special Education - Moderate Disabilities (Pre-K - 8)**  
Pursue initial teacher licensure as a teacher of students with moderate disabilities (PreK-8) and as a teacher of elementary students (1-6).
- Special Education - Severe Disabilities (All Levels)**  
Pursue initial teacher licensure as a teacher of students with severe disabilities (all levels).

## Engineering Technology Department

Develop a hands-on implementation of engineering principles supported by a strong knowledge of mathematics, science, and technology.

- Architecture**  
Provides a foundation of architectural and engineering technology undergraduate studies.
- Construction Management**  
Prepares you with knowledge and skills essential for construction management practice.
- Electronics Engineering Technology**  
Prepares you for positions in the field of electronics by developing the theoretical and practical skills required for this discipline.
- Energy Management Engineering Technology**  
Provides you with a knowledge base of HVAC, building utilities, and energy systems.
- Manufacturing Engineering Technology**  
Addresses competencies in engineering design, manufacturing processes, sustainability, and ethics.
- Technology Engineering Education 5-12 Licensure Plan of Study**  
Prepares for careers in teaching with an underpinning in science and technology.
- Technology Engineering Education Industry Training**  
Prepares students for careers in industry training and education.

## Economics, History, and Political Science Department

Understand our domestic and international landscapes through economics, history, and political science.

- Economics**  
Prepares you for a career in finance, business, or management.
- History**  
Plan a future in a wide range of fields, from teaching, public history, law, public policy, and more.
- History Concentration in Initial Licensure (5-12)**  
Pursue initial licensure as a middle or high school history teacher.
- International Business and Economics**  
For students interested in professional graduate training in economics, or in careers in business, law, government, or journalism.
- Political Science, American Government / Law**  
Examine economic and historical facets to understand contemporary power and methodology of political systems.
- Political Science, International Politics**  
Prepare for a career in government, international law, non-profit agencies, or non-governmental or international organizations.

## English Studies Department

Develop sharp analytical thinking and learn to be compelling storytellers and deep researchers who understand different cultures and audiences.

- Literature**  
Understand the world through literature from around the globe as you develop your analytical abilities through academic research and writing.
- Professional Writing**  
Hone your craft as writers, storytellers, and communicators in genres across journalism and technical and creative writing.
- English Middle and Secondary Education**  
Develop solid foundations in literature and teaching methods for the middle and secondary classroom as you gain initial licensure.

## Exercise and Sports Science Department

The study of science-based academics necessary to understand the concepts inherent in sports science courses.

- Clinical Exercise Physiology**  
Prepares you for employment in the health promotion industry as well as for health-related graduate programs (Physical Therapy, Physician Assistant, and Athletic Training).
- Fitness Management**  
Ensures a solid foundation in the various disciplines that comprise this multidisciplinary field of study mixing exercise science with business administration.
- Strength Training and Conditioning**  
Prepares you to work with athletes as a strength and conditioning coach.

## Psychological Science Department

Learn the theoretical explanations of human behavior as well as the methods employed in psychological research.

- Psychological Science**  
Educates students in the scientific study of the mind and human behavior.

## Mathematics Department

Build your foundation in abstract and applied mathematics as preparation for graduate school or a professional career.

- Applied Mathematics**  
The study of mathematics as used in other technical disciplines such as biology, engineering, or computer science.
- Mathematics**  
Develop a comprehensive foundation in abstract and applied mathematics as preparation for graduate school or a professional career.
- Middle School Education-Mathematics**  
Pursue your initial teacher licensure as a middle school mathematics (grades 5-8) teacher.
- Secondary Education - Mathematics**  
Pursue your initial licensure in order to prepare for a career as a high school mathematics teacher.

## Humanities Department

**Opportunity to create your own program of study!** Develop your capacity for cross-disciplinary reflection, creative and critical thinking, as well as an understanding of diverse peoples and cultures.

- Interdisciplinary Studies**  
Design your own major in collaboration with a faculty advisor and build a curriculum that meets your own specific interests and career goals.

Fields of Interest: \_\_\_\_\_

- Pre-Law**  
Build a well-rounded and flexible skill set that will prepare you for Law School and a legal career.
- Fine and Performing Arts**  
Design your own major in the arts by combining courses in visual art, music, and/or theater in a package that meets your own specific goals.
- General Science**  
Design your own major by combining a defined core set of science courses with a minor in another field.

# Program Finder Tool

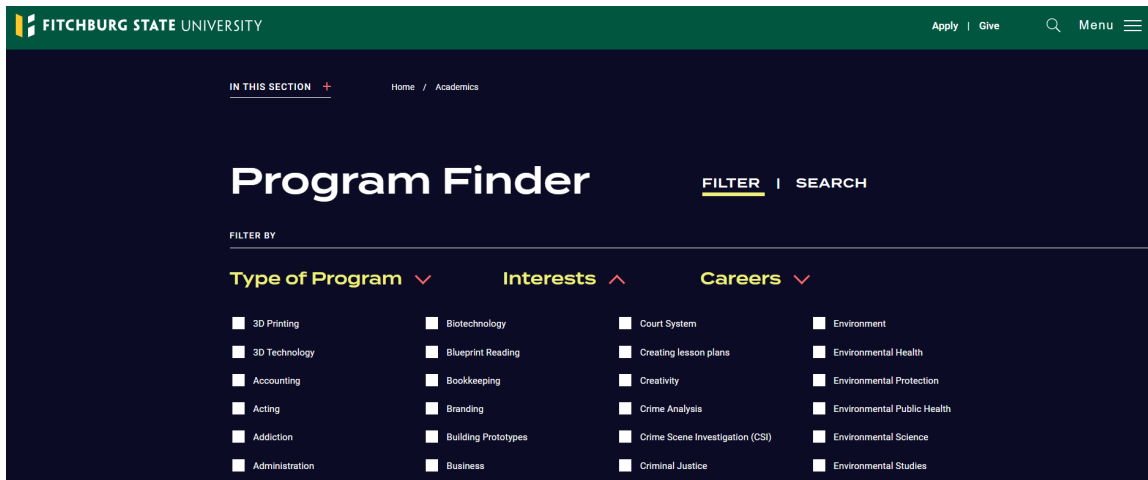

## Program Finder

(<https://www.fitchburgstate.edu/academics/program-finder>)

Use to see all the majors, minors, and graduate programs offered at Fitchburg State. Filter by using the Interest and Careers tools to see how different majors can line up with careers/interests.

**Step 1: Check off any Interests or Careers that may interest you.**

The screenshot shows the Fitchburg State University Program Finder tool. The header includes the university logo and navigation links like 'Apply | Give', 'Menu', and 'Home / Academics'. The main heading is 'Program Finder' with 'FILTER | SEARCH' options. Below this, there are three filter categories: 'Type of Program', 'Interests', and 'Careers'. Each category has a list of items with checkboxes. For example, under 'Interests', there are items like 'Biotechnology', 'Blueprint Reading', 'Bookkeeping', 'Branding', 'Building Prototypes', and 'Business'. Under 'Careers', there are items like 'Court System', 'Creating lesson plans', 'Creativity', 'Crime Analysis', 'Crime Scene Investigation (CSI)', and 'Criminal Justice'.

**Step 2: Scroll down and view the programs that match your selected Interests or Careers.**

The screenshot shows the results of the program finder tool. A yellow banner at the top indicates '4 Results'. Below this, there are three columns of results:

- Biology and Chemistry**
  - Health Sciences Concentration, Biology, BS
- Earth and Geographic Sciences**
  - Environmental and Earth Science, BA/BS
  - Environmental Public Health Concentration, Public Health Science, BS
- Humanities**
  - General Science Initial Teacher License (5-8) Concentration, Interdisciplinary Studies, BS

**\*\*\*This is not a definitive list meaning that there are many majors that lead to many different career paths. This is an exploration tool to help you figure out some options for further research.**

- What coursework in this major do students typically find to be most challenging?
- What skills will this major help me develop?
- What types of internships or out-of-classroom experiences are available to students in this program? Where do students in this major typically complete internships?
- What types of career paths are related to this major?
- Will I need to pursue graduate school to work in a career related to this major?
- Can you refer me to a current student in this major?

**Step 4: Reflect on what you have learned from the meeting.**

- What did you learn that excites you about this major?
- What did you hear that makes you concerned about this major?
- What additional information do you need about this major?
- Based on the information, did your interest in this major increase, decrease, or stay the same?

# Self Assessment Information

## Why are you undecided? The Decision Making Process

Exploring why you are undecided is an important process in order to begin the major and career exploration process. The approach you take in the exploration process will differ if you have one or two majors or careers in mind and need to confirm that choice versus if you haven't figured out or identified your interests. **Each mindset is completely normal and okay!** During this process, you will be identifying the factors influencing your major/career decision and the type of information you may need to make a final decision.

\*\*Before you begin, it is important to understand that there is no "right choice" and that major and career paths are fluid. You may change careers several times throughout your lifetime.

**Identify some possible causes to your indecision. Check off all that resonate with you. There are no wrong answers!**

- Influence from family members on decision-making process.** My family wants me to be a \_\_\_\_\_, but I am not so sure I want to do that.
- Difficulty with decision-making process.** I don't know what I want for dinner tonight, how do I decide on a major?!
- Need information about majors or career paths.** I am just not sure what Fitchburg State offers.
- Unsure of my interests.** I can't seem to identify one thing I am interested in that relates to a college major.
- Difficulty narrowing down interests.** I have too many interests, and I don't know how to narrow them down.
- Need to self-assess about abilities, skills and values.** I don't really know which major I will be successful or happy in.
- Need to learn more about connections between majors and careers.** I might be interested in a certain major, but what will my job be once I graduate?
- Not sure about attending college at this time.** I am here because I was taught it is important to go to college, but I am not sure it's the right fit for me.
- None of these!** It's something else. \_\_\_\_\_

**Further reflection on why you are undecided:**

Read through the different types of undecided and pick some possible approaches that make sense for you and you would like to try.

Type of Undecided	Possible Causes	Possible Approaches
<p><b>Completely Undecided</b></p> <p>I don't know what I like, so I have no idea what to major in.</p>	<ul style="list-style-type: none"> <li>● Lack of knowledge of values</li> <li>● Few interests, extra-curriculars, hobbies</li> <li>● Uncertainty about abilities</li> <li>● Difficulty organizing thoughts</li> <li>● Influenced by other people</li> <li>● Lack of information about occupations</li> </ul>	<ul style="list-style-type: none"> <li>● Explore cause of indecision</li> <li>● Identify values, interests, skills and abilities</li> <li>● Explore and organize information on self, majors and occupations on internet or other sources</li> </ul>
<p><b>Tentatively Undecided</b></p> <p>I have too many interests, and I don't know how to narrow them down.</p>	<ul style="list-style-type: none"> <li>● Too many interests</li> <li>● Value conflict or confusion</li> <li>● Inadequate information about alternatives</li> <li>● Difficulty making decisions</li> <li>● Uncertainty about abilities</li> <li>● Reluctance to give up any one choice</li> <li>● Attempt to please other people</li> </ul>	<ul style="list-style-type: none"> <li>● Clarify values</li> <li>● Explore and organize information on self, majors and occupations on internet or other sources</li> <li>● Compare alternatives and how each choice fits goals</li> </ul>
<p><b>Uncommitted Decided</b></p> <p>I have an idea of what I want to major in, but I'm not 100% certain.</p> <p>I am trying to decide between two majors.</p>	<ul style="list-style-type: none"> <li>● Resistance to outside pressure to declare choice</li> <li>● Inadequate information about choice</li> <li>● Uncertainty about ability for choice</li> <li>● Lack of direct occupational relationship to educational choice</li> <li>● High competition in choice</li> <li>● Gender norms related to choice</li> <li>● Job market known to be poor</li> <li>● Attempt to please others</li> <li>● Fear of being "locked in" to choice</li> </ul>	<ul style="list-style-type: none"> <li>● Allow time to explore choices</li> <li>● Acquire more information about choice</li> <li>● Check accuracy of academic and occupational information</li> <li>● Clarify values implicit in choice</li> <li>● Determine how the choice fits life goals</li> </ul>

My next steps.... 1)

2)

3)

## Identify where you are in the decision making process.

### 7 Step Decision-Making Model

1. **Identify the decision to be made** - exactly what are you trying to decide?
2. **Know yourself** - what are your strengths, weaknesses, skills, values and interests
3. **Identify options** - list the various choices so far
4. **Gather information and data** - about each alternative
5. **Evaluate options that will solve the problem**, pros, cons and risks of each alternative
6. **Select the best option**- may be necessary to loop back and gather more info
7. **Develop a plan of action** - and implement it!

## Reflective Questions

### Identifying your Interests:

List activities you enjoy doing in...

...school:

...work:

...personal:

### Identifying your abilities/skills:

Review your academic history; identify your academic strengths and challenge areas:

List five skills you can do well:

1.

2.

3.

4.

5.

### Identifying your values:

Circle the values from the list below pick 5 that resonate with you. If there is something you feel is missing from the list that you feel is a top value, write in the black spaces.

Authenticity	Achievement	Adventure	Compassion	Challenge	Community
Competency	Contribution	Creativity	Curiosity	Family	Friendships
Fun	Growth	Happiness	Honesty	Justice	Leadership
Learning	Love	Loyalty	Optimism	Recognition	Respect
Service	Security	Spirituality	Stability	Status	Wealth

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Write down some characteristics of your ideal job- don't worry about the title, what do you want to do/feel?

## Strong Interest Inventory

The Strong Interest Inventory assessment provides insight into a person's interests, and areas for exploration to consider potential careers and majors. The assessment is done in your First Year Experience course or individually with your advisor. If you want to take this assessment, contact your advisor.

### As you prepare to take the Strong assessment, it is important to keep these key points in mind:

- The Strong assessment is not a test of your abilities, but rather an inventory of your interests.
- Think only about whether the item listed interests you and try to give the first answer that comes to mind.
- When deciding on your answers, don't worry about how well you could perform a job or activity. Instead, simply ask yourself how much you would like or dislike that activity.
- If you do not have strong feelings either way, mark "indifferent."
- Be aware that some of the questions may seem repetitive; this is on purpose.

### As you review the Strong assessment with your instructor or your advisor, it is important to keep these key points in mind:

- The Strong assessment is not a test of your abilities, but rather an inventory of your interests.
- The Strong assessment is a starting point for exploration, not a determination of your major or future career.
- The Strong is meant to help you reflect on the following questions:
  - *What* do I want to do?
  - *Where* do I want to do it?
  - *Why* do I want to do it?

List what feels accurate from your report:

List what feels inaccurate from your report:

List what areas you want to explore further:

My code is...

# Occupational Information

## What Can I do with this Major

**What Can I Do With This Major** will help you connect majors to careers. Whether you are exploring multiple majors or searching for information about your chosen field, this site will help with your career exploration. Note: This resource is not specific to Fitchburg State so includes programs not offered and other names for majors.

To access, go to the **Career Services and Advising Student Resource** web page, scroll down to Major Exploration and select What Can I Do With this Major.

(<https://www.fitchburgstate.edu/student-support/career-services-and-advising-center/student-resources>)

### Information to gather from What Can I Do With This Major:

- Description of the major
- Break down of common industries students with that major work in.
- Common Career Paths, Employers, and Strategies for Success within each Industry
- Information on getting started and advancing with the major
- List of Professional Associations (some may provide FREE memberships to students)
- Research and exploration material through Related Resources and Occupational outlook
- Industry specific internship and job search sites under Employment Opportunities

### Psychology

Psychology is the study of human behavior, the mind, brain, and social interactions. Coursework includes social, cognitive, abnormal, personality, and developmental aspects of

#### Human Services

#### Research

#### Education

#### Human Resources

##### Common Career Paths

- Employment and recruitment
- Selection
- Labor relations
- Compensation and benefits
- Organizational development
- Training

##### Employers

- Large companies
- Government agencies
- Staffing and employment services
- Large nonprofit organizations
- Hospitals
- Educational institutions

##### Strategies

- Gain relevant experience in human resources by completing an internship.
- Earn a minor in business or supplement curriculum with business courses.
- Seek leadership positions in student organizations.
- Develop strong computer skills.
- Earn an HR&A or a graduate degree in human resources to attain higher level positions.

#### Business and Industry

### Professional Associations

## Career Research

Research career information using **O\*Net** (onetonline.org) or **MyNextMove** (mynextmove.org).

**My Next Move** is an interactive tool for job seekers and students to learn more about their career options. Users can find careers through keyword search; by browsing industries that employ different types of workers; or through the **O\*NET Interest Profiler**, a tool that offers personalized career suggestions based on a person's interests and level of work experience.

To further research, **O\*Net** has tasks, skills, salary information, and more for over 900 different careers.

### Conduct an informational interview.

Informational interviews serve as a great opportunity for students to learn about specific jobs, careers or to network with professionals in the field.

Questions to Ask:

- Could you describe one of your typical work days for me?
- What skills are required in your position on a day-to-day basis?
- What do you find most challenging about your job? Most rewarding?
- What steps did you take to land your job at \_\_\_\_?
- What advice would you give someone who is looking for an entry-level job in this industry?
- Do you have any recommendations of specific blogs or reading material I should read to keep up-to-date in the industry?

### Participate in the Alumni Job Shadowing program.

The Alumni Job Shadow Program is an opportunity for you to gain insight into an industry/organization/job function of interest, make connections, and further discern how your skills, interests, and values translate to the workplace. CSA will match students with Fitchburg State alumni who will serve as hosts for shadowing experiences during summer and winter breaks. Reach out to your advisor.

## Research Notes:

## **Academic Advising**

Academic advising encompasses all the support you will receive from your advisor in deciding on what classes to take, managing your degree completion, registering for classes, and declaring your major. You should contact your advisor any time you need support regarding your academics. Being honest with your academic progress and current courses, will allow your advisor to help you to the best of their ability.

	18	Saturday	Undergraduate Commencement 10:00 a.m.;
	21	Tuesday	Residence halls close for Graduating Seniors Development Day for Faculty

February 6, 2023

# Advising & Registration

## The Advising Period

The advising period is a length of time before registration week in which you are required to meet with your assigned academic advisor. It is important that you set up this meeting as your advisor will help you figure out the classes you need to take in the following semester and they will also give you your Alternate PIN, a password which is required for registration.

### Before Appointment:

1. After you receive the email from your advisor about the advising period, schedule your appointment in Navigate.
2. Put your appointment date and time in your calendar/planner so you will not forget to go.
3. Review your interests from the exploration process to share with your advisor.
4. Look through your **Degree Works** ([degreeworks.fitchburgstate.edu](http://degreeworks.fitchburgstate.edu)) page and **the course list** ([web4.fitchburgstate.edu/apex/f?p=courseschedule](http://web4.fitchburgstate.edu/apex/f?p=courseschedule)) to identify some classes you would be interested in taking.

<b>Courses of Interest:</b>

### During Appointment:

1. Check in about classes. How are you doing? Any interests developing? Any courses you are concerned about?
2. Talk about potential majors, classes to explore, and required classes.
3. Look up registration time and write it down.
4. Work on making schedules in College Scheduler. Save your favorites for easy access on registration day.
5. Receive your Alternate PIN and write it down.
6. Ask any additional questions you may have! Are there any resources you need help connecting with?

<b>Questions for Advisor:</b>

**After Appointment:**

1. Make sure your registration time and Alternate PIN are recorded somewhere you will remember and can access easily. (See space to write them below).
2. Ensure there are no holds on your account. Holds prevent you from being able to register. If you have holds, contact the correct office to help you get the hold removed.
3. Set a reminder/alarm for your registration date and time.
4. Register on registration day. Reach out to your advisor if you have any trouble with registration.

**Alternate Pin:** \_\_\_\_\_

**Registration Time:**\_\_\_\_\_

CRN	Course	Title	Notes

	Monday	Tuesday	Wednesday	Thursday	Friday
8:00 AM					
9:30 AM					
11:00 AM					
12:30 PM					
2:00 PM					
3:30 PM					

**Additional Notes from Appointment:**

# Registration with College Scheduler

Login through Web4 or go to [fitchburgstate.collegescheduler.com](http://fitchburgstate.collegescheduler.com)

**Step 1: Add Courses and Breaks - For your selected term.**

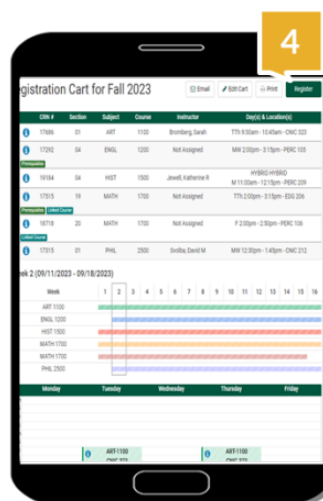

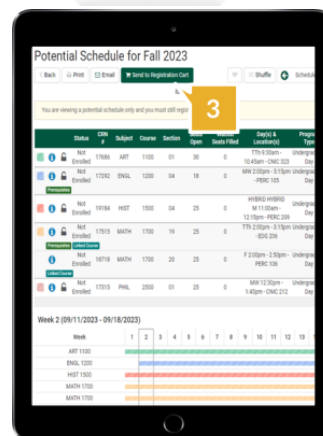

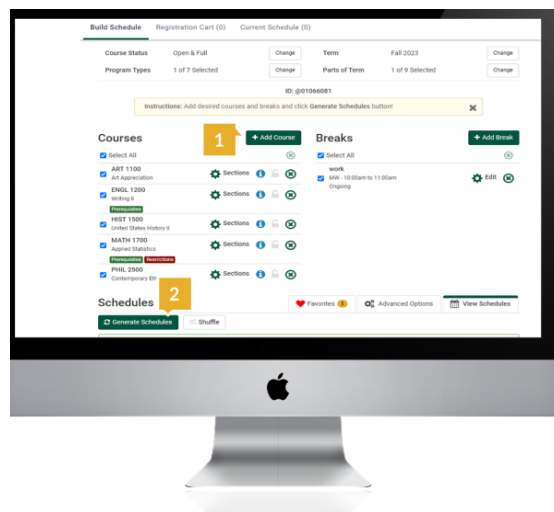

**Step 2: Generate Schedules - All possible conflict free schedules.**

You can view each generated schedule and pick the one that you like the most. If you are not ready to send to the registration cart, you can click the heart (  ) in the right corner to favorite that schedule.

**Step 3: Send to Registration Cart - On the view schedule screen, click "Send to Registration Cart".**

**Step 4: Register - From the Registration Cart, click "Register" to finalize registration.**

To officially register, you will be prompted to enter your Alternate PIN. If you receive any error messages not previously discussed, please contact your advisor.

**\*\*\*Add/Drop - Go to the "Current Schedule" schedule page to edit and drop classes.**

# Utilizing Degree Works

## What is Degree Works?

The Degree Works program is designed to show where courses you take fit into your academic program. Along with your advisor, this tool can be a great help in making your path to graduation day an easier one to follow.

Degree Works can be accessed by logging directly into **Degree Works** or through **Web4**. To login, use your student email credentials, without the @student.fitchburgstate.edu.

(Ex. Username: ffalcon1 Password: Same as your email)

Use the following legend to interpret your Degree Works page:

**Legend**

The legend, as shown below, contains all of the unique symbols that are important to help you interpret your Degree Works audit.

Legend	Complete except for classes in-progress	(TR) Transfer Class	* Prerequisite or Corequisite Required
✓ Complete	Nearly complete - see advisor	@ Any course number	
✗ Not Complete			

**✓ Complete-**  
This symbol will appear next to all requirements that have been completed within the audit. The row will be highlighted light yellow and will display the course(s) that fulfilled the requirement along with the grade and the semester in which the course was taken.

**✗ Not Complete-**  
This symbol will appear next to all requirements that have not yet been completed within the audit. The row will be highlighted light pink and will display the course(s) that can be used to complete the requirement.

**IP Complete except for classes in-progress-**  
This symbol will appear next to courses that are currently in progress and any blocks which will be completed after a course in progress has been successfully fulfilled. The row will be highlighted light blue and an "IP" will be displayed in the grade section.

**⚠ Nearly Complete-**  
This symbol means that special attention is needed and you should consult with your advisor. There are a few instances in particular that will get flagged by a double tilde ⚠ such as, if all of the requirements in a block have been completed, however, the minimum GPA requirement has not been met.

**@ Any course number**  
This symbol acts as a wildcard. It may be used after a subject code (e.g. HIST @) which means *any course within that subject*. It can also be used by itself (@ @) which means *any subject – any course number*.

**(TR) Transfer Class**  
This symbol indicates a course that was accepted in transfer. The school where the course was transferred in from and the original title of the course will display.

**\***  
Not listed in the Legend – The \* symbol may appear next to a course indicating that there is a prerequisite or co-requisite required for that course. If you click on the course the prerequisite or co-requisite will be listed.

## Understand your Fitchburg State Degree

**What do you need to graduate?** Simple answer: Check all the boxes.

### Requirement 1: Complete minimum 120 credit hours.

The Bachelor of Science/Arts degree requires a MINIMUM of 120 degree applicable credits, as well as the completion of all additional graduation requirements indicated in this advising worksheet. Multiple major changes over time, concentrations, minors, developmental classes, non-applicable transfer courses and other factors in your academic history may require that you complete more than the MINIMUM 120 credits. Sometimes the combination of the General Education and your Major curriculums does not equal 120 credits; therefore, you will need to take Free Electives to make up the difference.

### Requirement: 2: Maintain a Grade Point Average (GPA) above a 2.0.

Graduation eligibility requires you to be in good academic standing at the culmination of your degree. Good academic standing is an overall GPA of above a 2.0. Utilize the **Fitchburg State Grading Scale** to understand the letter and point equivalents to Grade Point Averages.

Degree Works has a **GPA Calc** tool that you can use to predict the impact of your grades on your overall GPA

If you need support using this tool or are concerned about your GPA, contact your advisor for further assistance

FITCHBURG STATE GRADE	LETTER GRADE EQUIVALENCY	100% POINT EQUIVALENCY
4.0	A	95 - 100
3.7	A-	92 - 94
3.5	A- / B+	89 - 91
3.3	B+	86 - 88
3.0	B	83 - 85
2.7	B-	80 - 82
2.5	B- / C+	77 - 79
2.3	C+	74 - 76
2.0	C	71 - 73
1.7	C-	69 - 70
1.5	C- / D+	67 - 68
1.3	D+	64 - 66
1.0	D	60 - 63
0.0	F	0 - 59

### Requirement 3: Complete the entirety of the General Education curriculum.

Our general education program prepares creative and critical thinkers who integrate and communicate learning from a variety of disciplines and experiences in ways that enhance civic, personal, and professional lives. All Fitchburg State students regardless of major complete the General Education curriculum. The General Education curriculum is a great way to explore interests while also completing requirements.

**General Education Program Requirements**

**FOUNDATION**  
Foundations for Lifelong Learning  
15 credits minimum

Reading/Information Literacy:  
First Year Experience (R&L)..... 3 credits  
Writing: Writing I (W) ..... 3 credits  
Writing/Information Literacy:  
Writing II (W&L)..... 3 credits  
Quantitative Reasoning:  
Math and Developmental Math,  
if required (QR) ..... 3 credits  
World Languages, Speaking  
and Listening (WS) ..... 3 credits

**EXPLORATION**  
Critical and Creative Thinking  
Across the Disciplines  
27 credits minimum

Civic Learning (CV)..... 3 credits  
Diverse Perspectives (DP) ..... 3 credits  
Ethical Reasoning (ER) ..... 3 credits  
Fine Arts Expression and Analysis (FA) ..... 3 credits  
Historical Inquiry and Analysis (HI)..... 3 credits  
Literary Inquiry and Analysis (LI) ..... 3 credits  
Personal Wellness (PW) ..... 3 credits  
Procedural and Logical Thinking (PL) ..... 3 credits  
Scientific Inquiry and Analysis (SI) ..... 3 credits

All Exploration courses will also include instruction on at least one of the following skills: Creative Thinking, Critical Thinking, Digital Literacy, Information Literacy, Quantitative Reasoning, Reading, World Languages, Speaking and Listening, or Writing.

**INTEGRATION**  
Advancing and Applying  
Liberal Arts & Sciences Learning  
9 credits minimum

Integrative Learning (AIA)..... 6 credits  
Integrative High Impact Practice (IHIP)..... 3 credits  
**OR**  
Minor or Second Major (courses beyond the 9 credit minimum can also be applied to Foundation and Exploration requirements) ..... 9 credits

Majors may have identified up to three General Education courses from the EXPLORATION and INTEGRATION portions of the curriculum that will also meet major requirements. See your advisor and/or your major's four-year plan of study for this information.

### Requirement 4: Complete the entirety of your chosen major curriculum.

All majors have different course requirements that make up their curriculum. You can run a 'What If' function to view the requirements for each major and concentration.

## Using the 'What If' Function

The "What If" feature allows you to see how far along you would be in your academic career if you were to declare your major or add a minor.

**Step 1: Select the "What If" function located on the left side of the audit screen under the "Worksheets" tab.**

**Step 2: Use the drop down menus to select the catalog year, program, major and concentration (if applicable) that you'd like to change to or the minor you would like to add.**

Select your primary area of study			
Catalog Year	<input type="text" value="2023-2024"/>	Major	<input type="text" value="(pick a Major)"/>
Program	<input type="text" value="(pick a Program)"/>	Concentration	<input type="text" value="(pick a Concentration)"/>
Level	<input type="text" value="(pick a Level)"/>	Minor	<input type="text" value="(pick a Minor)"/>
Degree	<input type="text" value="(pick a Degree)"/>		

**Step 3: Once done, select the "Process What-If" button located above.**

This will remove the requirement blocks for your current major and apply the requirement block for the major you're considering or add the requirement block for the minor. This is not a permanent change. Once you go back to your Worksheet, the original requirement blocks will show up in your audit.

# Declaring Your Major

Are you ready to declare your major? Congratulations!

**Step 1: Make an appointment with your pre-major advisor to begin the process.**

**Step 2: Complete the **Change of Major Form** (PDF) and discuss next steps for transitioning to your new major.**

**FITCHBURG STATE UNIVERSITY**

---

**CHANGE OF MAJOR/CONCENTRATION/MINOR FORM**

Students may change their major or degree program as long as they can meet the requirements for their new major. When changing a major/concentration or adding a minor, the added major/concentration or minor will follow the current catalog year. Frequently changing one's major increases the amount of time required to complete the baccalaureate program and not all programs (such as nursing) can accept applicants who wish to transfer to that field. Programs having requirements for internal transfer are communications media, human services, nursing and education. **\*NOTE: changing to a STEM major may result in the student having to take an additional math placement exam.**

Student Name: \_\_\_\_\_ Date: \_\_\_\_\_

Student ID#: @\_\_\_\_\_ Date of Birth: \_\_\_\_\_

**Please Circle One:**      Day / Evening                      Bachelor of Science (B.S.) / Bachelor of Arts (B.A.)  
Note - B.A. has a language requirement

I wish to change my major from \_\_\_\_\_ to \_\_\_\_\_

I wish to declare a double major in \_\_\_\_\_ and \_\_\_\_\_

I wish to declare a double **Degree** in \_\_\_\_\_ and \_\_\_\_\_  
**Note – student must have at least 150 credits to earn a double degree**

I wish to **drop** my 2<sup>nd</sup> major \_\_\_\_\_

I wish to add the following concentration(s) \_\_\_\_\_

I wish to remove the following concentration(s) \_\_\_\_\_

I wish to add the following minor(s) \_\_\_\_\_

I wish to remove the following minor(s) \_\_\_\_\_

A departmental approval signature is required, except for **dropping** a minor or concentration.

Student Signature: \_\_\_\_\_

<p><b>STEP 1: (Always Use Advisor Type MAJR)</b></p> <p>Approved: _____  <small>(Signature of Department Chair you are entering)</small></p> <p>Dept. Secretary: _____  <small>(Signature of department support staff confirming that they have assigned a new Advisor in Banner)</small></p>	<p><b>STEP 2:</b></p> <p>Approved: _____  <small>(Signature of Department Chair you are leaving)</small></p> <p>Dept. Secretary: _____  <small>(Signature of department support staff confirming that they have removed the old advisor in Banner)</small></p>
---	--

**\*OR\***

Approved: \_\_\_\_\_ (Signature of Department Chair for adding a minor or concentration)

Updated 3/28/2019

Return the form to the Registrar's Office once you obtain the appropriate signatures. Please expect the change to take effect after five business days.

**Step 3: Make an appointment with the department chair of your new major to discuss next steps for transitioning to your new major.**

**\*\*\*Once declared, you can also utilize this form to change your major again or add a minor.**

## What Happens Next?

**You have declared your major and are officially no longer a pre-major student.. don't think you have to forget about us!** Although your academic advisor has changed, your relationship with your pre-major advisor and the office of Career Services and Advising Office is not over.

The Career Services and Advising (CSA) Center can support you as you navigate your academic and career path while at Fitchburg State. Planning for your career can be intimidating, our advisors work to support you throughout this process.

### Set up an appointment with an career advisor for:

- Resume and Cover Letter review
- Internship and Job Search assistance
- Interview preparation and practice interviews
- Career research and reflection

### Join one of the following career development programs:

- Career Success Certificate
  - The Career Success Certificate is a 6 week program designed for students to explore and develop their career paths through weekly workshops and personalized career advising on topics like assessing skills and values, networking, the job and internship search, crafting a resume and cover letter, and more.
- Falcon Internship Program
  - The Falcon Internship Program (FIP) connects students with internship opportunities. FIP is available to all undergraduate students who are looking to complete an internship opportunity either for academic credit or as a non-credit (experience) internship.
- Alumni Job Shadowing Program
  - The Alumni Job Shadow Program is an opportunity for you to gain insight into an industry/organization/job function of interest, make connections, and further discern how your skills, interests, and values translate to the workplace. CSA will match students with Fitchburg State alumni who will serve as hosts for shadowing experiences during summer and winter breaks.

### Contact us or stop by Drop-In Hours!

- Email [careercenter@fitchburgstate.edu](mailto:careercenter@fitchburgstate.edu)
- Call 978.665.3151
- Drop-In Hours: Visit Hammond 318 on Monday-Thursday from 1-3pm to work with a career advisor.

## **Campus & College Resources**

College can be stressful, but it should not be overwhelming. Please utilize the following resources to help navigate campus and stay organized throughout your time at Fitchburg State.

## Campus Resources

### Academic Coaching & Tutoring Center (ACT)

The Academic Coaching and Tutoring Center's peer tutors offer free individual and group peer tutoring in a variety of subjects.

- Email [tutorcenter@fitchburgstate.edu](mailto:tutorcenter@fitchburgstate.edu)
- Call 978.665.3499
- Visit Hammond 306

### Career Services and Advising Center (yes, we are still here for you!)

The Career Services and Advising Center assists students and alumni in developing, evaluating, and implementing career education and employment goals.

- Email [careercenter@fitchburgstate.edu](mailto:careercenter@fitchburgstate.edu)
- Call 978.665.3151
- Visit Hammond 318

### Center for Diversity and Inclusiveness

The Center for Diversity and Inclusiveness (CDI) delivers programs designed to contribute to a positive campus culture of appreciation and respect for differences.

- Email [diversitycenter@fitchburgstate.edu](mailto:diversitycenter@fitchburgstate.edu)
- Call 978.665.3399
- Visit Hammond G04

### Commuter Affairs

The Commuter Affairs Program provides programs, services and facilities that directly address the needs of commuter students.

- Email [commuters@fitchburgstate.edu](mailto:commuters@fitchburgstate.edu)
- Call 978.665.3657
- Visit Hammond, Ground Level

### Counseling Services Office

The Counseling Services Office offers confidential short-term counseling to all students at no charge.

- Email [counselingscheduler@fitchburgstate.edu](mailto:counselingscheduler@fitchburgstate.edu)
- Call 978.665.3152
- Visit Hammond 317

### Disability Services Office

Disability Services provides reasonable and appropriate accommodations for Fitchburg State students allowing equal access to university programs and services.

- Email [disabilityserviceslist@fitchburgstate.edu](mailto:disabilityserviceslist@fitchburgstate.edu)
- Call 978.665.4020
- Visit Hammond Hall 303

### Financial Aid

The Office of Financial Aid assists students who are applying for financial aid and additional financing options.

- Email [finaid@fitchburgstate.edu](mailto:finaid@fitchburgstate.edu)
- Call 978.665.3156
- Anthony Student Service Center 108

### Housing and Residential Services

Housing information for students.

- Email [housing@fitchburgstate.edu](mailto:housing@fitchburgstate.edu)
- Call 978.665.3219
- Visit Aubuchon Hall N101

### **International Education**

The Office of International Education provides assistance to international students and students studying abroad.

- Email [inthelp@fitchburgstate.edu](mailto:inthelp@fitchburgstate.edu)
- Call 978.665.3089
- Visit Hammond Hall 316

### **Library**

The Amelia V. Gallucci-Cirio Library is a comprehensive information center dedicated to enhancing the learning experience of all Fitchburg State University students.

- Email [circulation@fitchburgstate.edu](mailto:circulation@fitchburgstate.edu)
- Call 978.665.3196
- Visit Hammond Hall, First Floor

### **OneCard Office**

The OneCard is the official identification card of Fitchburg State University, and is issued to every student and employee.

- Email [onecard@fitchburgstate.edu](mailto:onecard@fitchburgstate.edu)
- Call 978.665.3039
- Visit Anthony Building 118

### **Parking Services**

Parking permits, parking lot maps, and the current parking rules are available at Parking Services.

- Email [parkingservies@fitchburgstate.edu](mailto:parkingservies@fitchburgstate.edu)
- Call 978.665.3219
- Visit Aubuchon Hall N101

### **Student Accounts**

Student Accounts is responsible for billing, issuing refunds to students for credit balances, including those generated from Financial Aid disbursements, and the collection of outstanding Nursing Loans.

- Email [stuaccnts@fitchburgstate.edu](mailto:stuaccnts@fitchburgstate.edu)
- Call 978.665.4126
- Visit Anthony Student Service Center 108

### **Student Development**

The Office of Student Development engages students through interactive learning, diversified events and activities, leadership experiences, volunteerism, and employment opportunities.

- Email [studentdevelopmentnews@fitchburgstate.edu](mailto:studentdevelopmentnews@fitchburgstate.edu)
- Call 978.665.3163
- Visit Hammond Hall G13
- Find organizations and events through **FalConnect**

### **Student Health Services**

The university partners with Community Health Connections to provide health care services to

the campus community.

- Call 978.665.3343

### **Technology**

The Technology Department provides technology services and support to the Fitchburg State community.

- Email [helpdesk@fitchburgstate.edu](mailto:helpdesk@fitchburgstate.edu)
- Call 978.665.4500
- Visit Conlon Hall 236

### **TRIO Student Support Services**

The TRIO Student Support Services staff works with students who are from families where neither parent has earned a baccalaureate degree, who are from low-income backgrounds, and/or are students with disabilities.

- Call 978.665.3576
- Visit Hammond Hall 315

### **University Police**

University Police provides services to promote campus-wide safety and is available to assist the campus community 24 hours a day, 365 days a year.

- Call 978.665.3111
- Visit University Police Station, 32 Clinton St (across from the Recreation Center)

# College Organization 101

## Tips & Tricks to Staying Organized

### Get to know yourself as a learner.

- When and where are you most productive? What distracts you?
- Knowing habits helps you manage your time more effectively and to be more productive overall.

### Manage your time and your attention. **Once you've put it on your calendar, stick to it!**

- Creating a detailed schedule will help you know exactly what you need to accomplish each week.

### Be present for every class. **This is more than just showing up to class.**

- Make sure you are actively listening to the professor and taking quality notes.
- Life happens... communicate with your professor if you have to miss a class. Actively seek the missed material by attending office hours or working with a classmate.

### Find a productive study space that works for you.

- It should be a place where you can concentrate without distractions.
- You might find that you study best (and most efficiently) when you are away from the interruptions of roommates, texts, and TikTok. How can you make that happen?
- That could be in the library, a cafe, or your room. Do what works best for you. You can always change it up too!

### Use the time between your classes effectively. **Breaks between classes can be productive.**

- Have ten minutes between classes? Get to your next class early, and spend five minutes reviewing the notes from the last lecture.
- Have an hour? Bring some reading, and get something done between classes.

### Avoid procrastination. **It is easier to keep up than to catch up.**

- Use the syllabus to make a roadmap for the semester and stick to it.
- College courses contain a lot of reading material so make sure you are including that in your planner.
- Break down big assignments into smaller tasks that you continually work on.

### Determine which campus resources will help you succeed, and use them. **Asking for help is a good thing!**

- Confused about class material? Go to your professor's office hours or the Academic Coaching & Tutoring Center (ACT) for peer tutoring.
- Feeling overwhelmed about the amount of work you have? Work with an Academic Coach in the ACT or seek out Counseling Services.

## Fill-in Schedules

### Semester Plan

- Use a monthly calendar/planner as your Semester Plan template.
- Check syllabus/Blackboard for all course expectations and plot all major due dates.
- Always record irregular happenings as soon as they get scheduled (i.e. doctor appointments, job interviews, etc.)
- Note any important dates that are listed on the Academic Calendar
- The Academic Coaching & Tutoring Center provides semester calendars that you can fill in with your class information. Visit your advisor in 306E to get your calendar!

### Weekly Schedule

- Start the semester off right by making yourself a planned weekly schedule.
- Reserve time that you will study, but not decide in advance which courses will be studied in which hours.
- Schedule some time for you to relax or do something you enjoy.
- Each week, refer to your Semester Plan and make note of the important deadlines and appointments for that week.
- Be flexible. If you need to adjust your study times, specifically find another spot on your schedule and plan it.

### Example:
